CERAMIC CORPORATION

GENERAL CATALOGUE 2020

EPICENTR[®]

CERAMIC CORPORATION

It is our honor to present you the products of the newest factory of ceramic and porcelain tile in Ukraine of **EPICENTR K** Group of Companies.

The company **EPICENTR K** is a leader in the Ukrainian retail market that specializes in home improvement and gardening with the total retail area of over 1,5 million m². **EPICENTR DIY** market share reaches 45%, becoming no.1 non-food retailer in Ukraine with the annual turnover of 1.3 Billion EUR. Moreover, the Group of Companies is comprised by the agro holding named **EPICENTR AGRO**, which is in the top-10 Ukraine agro holdings with a 110 000 ha land bank; a logistics center with the total area of more than 80 000 m² and other manufacturing companies. The total workforce of the Group is 30 000 people.

Today our factory is proud to be a European manufacturer of the top quality products situated in Kyiv. Our highly skilled team of professionals and engineers has created the production facilities based on cutting-edge Italian manufacturer's equipment by **TM SACMI, SYSTEM and BMR**.

We have implemented the most innovative production technologies, such as the system of digital dry coloration Easy Color Boost, dry rectification technology, polishing with super shine technology and scanning quality control system — Qualitron.

We produce white ceramic monoporosa tiles for wall, porcelain gres matt/glossy and lappato with the following sizes: wall — 200x600, 250x750, 300x600, 300x900; floor — 150x600, 150x900, 300x600, 200x1200, 470x470, 600x600, 600x1200, 750x750, rectified and non-rectified tiles.

All of our hearts and souls were involved in creation of each collection designed and high quality product specifications made from the top quality raw materials. All of that makes our product one of the world's best.

Our key points:

- factory is fully equipped with the newest benchmark standards;
- current production capacity is 6 mln m², in 2020 it will be increased to 12 mln m²;
- own truck delivery fleet with 300 trucks;
- the building floor area of the factory is 70 000 m².

As a reliable manufacturer and partner, we provide:

- high-performance products from top-grade raw materials;
- strict fully automatic quality control system that ensure all outstanding technical parameters;
- production of tiles with extremely limited impact on environment;
- all marketing tools to our partners (panels, stands, catalogues, brochures and other POS materials);
- flexible delivery terms: FCA, DAP, FOB, CFR;
- individual approach to each partner and highest service standards.

Мы с честью представляем Вашему вниманию продукцию новейшего завода по производству керамической плитки и керамогранита группы компаний **ЭПИЦЕНТР К**.

Компания **«ЭПИЦЕНТР К»** — лидер на украинском розничном рынке, который специализируется на благоустройстве дома и садоводстве, и является непродовольственной компанией №1 в Украине с годовым оборотом 1,3 млрд евро. Кроме этого, в группу компаний входит агрохолдинг — **ЭПИЦЕНТР АГРО**, состоящий в топ — 10 украинских агрохолдингов; логистический центр общей площадью более 80 000 м² и другие производственные предприятия. Общая численность персонала группы составляет 30 000 человек.

Сегодня наш завод, размещенный в Киеве, гордится тем, что является европейским производителем высококачественной продукции.

Наша высококвалифицированная команда профессионалов и инженеров создала производственные мощности на базе передового оборудования итальянских производителей **TM SACMI, SYSTEM и BMR**.

Мы внедрили самые инновационные технологии производства, такие как система цифрового сухого окрашивания easy color boost, технология сухой ректификации, линия полировки с использованием технологии super shine и система контроля качества сканирования — qualitron.

Мы производим керамическую монопорозную плитку для стен из белой глины, керамогранит матовый/глянцевый и лаппато следующих размеров: стена — 200x600, 250x750, 300x600, 300x900; пол — 150x600, 150x900, 300x600, 200x1200, 470x470, 600x600, 600x1200, 750x750, ректифицированная и неректифицированная.

Мы вложили наши сердца и души в создание каждой разрабатываемой коллекции, а высокое качество продукции, изготовленной из высококачественного сырья, делает наш продукт одним из лучших в мире.

Наши ключевые моменты:

- завод полностью оснащён новейшими технологиями производства, соответствующим высоким стандартам;
- текущая производственная мощность составляет 6 млн м², в 2020 году она будет увеличена до 12 млн м²;
- собственный автопарк с 300 грузовиками;
- общая площадь здания завода составляет 70 000 м².

Как надёжный производитель и партнёр, мы предоставляем:

- высококлассную продукцию из высококачественного сырья;
- строгий, полностью автоматический контроль качества, обеспечивающий все необходимые технические параметры;
- производство плитки с крайне ограниченным воздействием на окружающую среду;
- все маркетинговые инструменты для наших партнёров (панели, стенды, каталоги, брошюры и другие pos-материалы);
- гибкие условия доставки: FCA, DAP, FOB, CFR;
- индивидуальный подход к каждому партнёру и высочайшие стандарты обслуживания.
